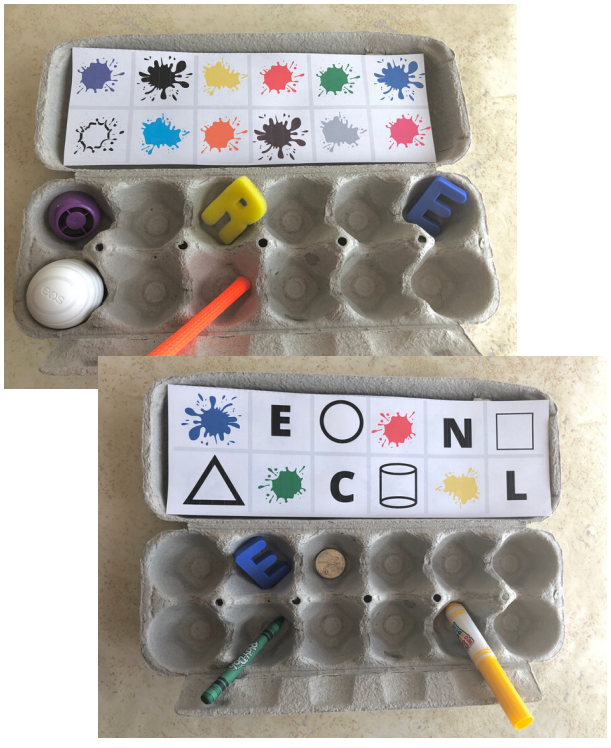
THE EXPERIENCE

You have Version A & Version B. Use whatever version you feel is appropriate for your child.

You can do the following variations:
- The original suggested idea: glue the hunt on the top part and have them find related objects.
OR
- Print 2 copies and hide the pieces of the extra sheet around the house or outside.



Instructions: Cut on dotted line & glue inside the top part of the egg carton.
Version A - 2yrs+ Have them find objects that match the color. You can also print 2 sheets, cut the colors and hide them around the house for them to find!

Version B - 2-4yrs old - You can use this version to hide the pieces in the house and have them find them. Or do a matching game.
5-8yrs old - Have them find the objects that match the color or shape or that starts with the letter shown.
